FOUNDRY TRADE JOURNAL INDEX
VOLUME 158
JANUARY–JUNE 1985

A

ABBF elect New President, 455
Abrasion-resistant Alloy White Iron Development, Progress in, 480
Affiliation Dinner, IBF West Midland Section hold Successful, 344
Aluminium Casting, German, for the Record Book, 424
Analysis Facilities, In-house, prove Boon to Cornish Foundry, 328
Analytical Instrumentation for Process Control in the Ironfounding Industry, 365
APV Paramount turn to Boxless Moulding for High-output Production, 347
Automatic Ladles and Metal Metering for Aluminium Alloys, 141

B

Barton Aluminium Foundries, Flexibility and Quality — the Basis of Success for, 432
BCIRA sets up Gear Testing Facilities, 82
BHS — Werk Weiherhammer, Vacuum Moulding at, 478
Blackheart and Pearlitic Malleable Cast Irons, a Modern Heat-treatment Technique for the, 28
BNF look at Microprocessors in the Foundry Industry, 265
BOTB Award, Foundrymen Working for Exports win £1,000 Travel in, 303
Boxless Moulding, APV Paramount turn to, for High-output Production, 347
British Foundry Association launches Quality Certification Scheme, 396

C

Casting around for new Markets and Products, 428
Casting Rectification, Progress in, 523
Ceramic-foam Filters, Foundry Experiences with, 23
Chinese Foundry Consumables Contract, British Company wins, 104
Christy Bros. plc purchase R. Hunt, 74
Channel-furnace Operation, High Interest shown at Seminar on, 397
Cold-box Process, Why choose a, 505
Consumables in Europe and America, Market Research Studies look at Foundry, 139
Continuous Casting of Non-ferrous Metals — a Survey, 165
Cooper Roller Bearings, Melting and Moulding Improvements boost Productivity at, 57
Copper Castings, Development and Implementation of a Microcomputer — based Approach to Methoding and Estimating for, 217
Copper Cathode, New Methods of Analysis for Higher Purity, 163
Coreless Furnaces, Use of Reusable Formers for, 182
Coremaking Processes, The Case for Heat-cured Moulding and, 512
Covered-ladle System for Ductile-iron Production, American Foundry adopts, 326
Craven Fawcett increase Melting Capacity with Installation of new Furnace, 195
Crockett Lowe, Limited — where "the Customer is always Right", 401

D

Development and Implementation of a Microcomputer-based approach to Methoding and Estimating for Copper Castings, 217
Diecast-alloy Wheels shine Brightly with New Cleaning System, 197
Diecasting, Low-pressure, chosen for Exacting Fan Application, 198
Diecasting slashes Costs of Flight Equipment, 428
I Diecasting Society Midland Branch Ladies Evening, 305
Disamatic Mould Inspection, Baxi Foundry automate, 376
Ductile-iron Aqueduct brings Improved Water Supply to Calderdale, 249
Ductile-iron Production, American Foundry adopts Covered-ladle System for, 326

E

Education and Training in the Foundry Industry — a Guide to courses for 1985/1986, 421
Energy Efficiency Awards, Foundries scoop Top Places in, 78

F

Filter Materials in Gating Systems, use of, 15
Filters, Ceramic-foam, Foundry Experiences with, 23
Ford Leamington choose Vertical Flaskless Moulding, 307
Ford sets up VFM Installation at Leamington, 55
Formers, Use of Reusable, for lining Coreless Furnaces, 182
Foundry Apprentice Competition, 25th Anniversary for National, 215
Furnace Manufacturer, UK Founders visit German, 487

G

Gas-hardened Sand-bonding Technology — a Status Report, 61
Gating Systems, use of Filter Materials in, 15
Graphite-nodule Number and Distribution — their effects on Nodular-graphite Iron Castings, 117

H

Heat-treatment Furnaces, Clay Cross install Top-hat, 31
Heat-treatment Furnace, Gas-fired, gives Precise Temperature Control, 526
Heat-treatment Plant Completed, New Steel-castings, 35
Heat-treatment Technique, a Modern, for the Production of Blackheart and Pearlitic Malleable Cast Irons, 28
Hooper's, John, Retirement — an Appreciation, 343

I

IBF Lancashire Branch awards Prizes in Young Foundrymen Competitions, 530
IBF London Branch discuss High-technology Machining, 427
IBF North East Lancs Section elects New President, 530
IBF, Scottish, to hold Annual Weekend Conference, 264
IBF's 80th Birthday, Sheffield Branch commemorates the, 176
IBF West Midlands Section Affiliation Quiz Night, 176
IBF West Midlands Section hold Successful Affiliation Dinner, 344
IBF West Riding Branch discusses Casting Defects, 74
IBF West Riding Branch organise Works Visit to Hepworth & Grandage, 530
Imconod Process for Nodular-graphite Cast Iron Batch Production, The, 323
IMF srl, Innovative Design Concepts increase Market Share for, 284
Impregnation, Automation sets New Horizons for, 525
Induction Melting and Holding Furnaces, Maintenance of, 173
Industrial Precision Castings install New Melting Plant, 327
Inoculating Materials and Procedures in the Production of Iron Castings, 315
Inoculator, West German Foundry installs Metal-stream, 355
Integration — the Key to Control of the Foundry, 227
Investment Caster simplifies Production of Complex Component, 115
Ironbridge Museum Foundry produces its First Castings, 503
Iron Castings, Inoculating Materials and Procedures in the Production of, 315

J

John King update Malleable-iron Manufacturing Facilities, 234

L

Lake & Elliot Employee wins Top Award, 163
Lambert, Mr. G. — an Appreciation, 53
Lead and Zinc Prospects to 2000, Conference to discuss, 283
Light-alloy Production, Diversity in — a Profile of Stone Foundries, Limited, 7

M

Malleable-iron Manufacturing Facilities, John King Update, 234
Mather & Platt Limited install Fast-loop Boxless Moulding System, 107
Melting and Moulding Improvements boost Productivity at Cooper Roller Bearings, 57
Metals Engineering '86, Full Conference Programme for, 240
Metals Engineering '86, Metals Society adds Full Weight to, 4
Metrication Experience at Sarginson Bros., Limited, 419
Microcomputers in Foundries, The Developing Role of, 242
Micro-methoding, 245
Microprocessors in the Foundry Industry, BNF look at, 265
Moisture-tester, Speedy, stands the Test of Time, 376
Monolithic Linings chosen for Stanton & Staveley Cupolas, 191
Morrogh's, Mr. H., retires as Director of BCIRA, 73
Morrogh's, Henton, Retirement — an Appreciation, 103
Mould and Core Coatings, A Guide to the Use of, 128
Moulding and Coremaking Processes, the Case for Heat-cured, 512

N

NGL, Expansion will boost Production of Investment Castings at, 540
Nodular-graphite Cast Iron Batch Production, The Imconod Process for, 323
Noise Warning for Machine-makers, 38
Non-ferrous Metals, Continuous Casting of — a Survey, 165
NSMP — a Major Force in UK Patternmaking, The, 399

P

Page Hunton Foundry, Take Over for, 104
Patternmaker Trainees, National Standards Competition Finals for, 533
Patternmaking, International, Congress for Stratford-on-Avon, 3
Patternmaking — meeting the Challenge of New Technology, 411
Patternshop, Materials for Today's — a Personal Choice, 415
Patternshops, Small — Backbone of the Industry, 406
Pearlitic Malleable Cast Irons, Blackheart and, a Modern Heat-treatment Technique for the, 28
PEP Award, Foundry gains a National, 216
PEP Awards, Electricity Council, support Government Campaign, 395
Polystyrene Casting, Expanded, will shape the Foundry of Tomorrow, 304
Precision Presswork Company, Limited — more than One Hundred Years of Service to Founders, 69
Process Control, Analytical Instrumentation for, in the Ironfounding Industry, 365
Production licensed by Sweden, UK Cast Steel, 396

Q

Quality Casting takes Time and Money but Seminar shows it can pay off, 456

R

RMI Celebrate Five Million Moulds from Disa Machine, 249
RSM Castings make it with Shell, 460

S

Safecast '85 — a Campaign to improve Health and Safety in the Foundry Industry, 36
Safecast Conference secured Widespread Support, 395
Safety in the Foundry, Seminar on, is Creating Exceptional Interest, 263
Sand-binders, A Guide to the Disposal of, 490
Sand-bonding Technology, Gas-hardened — a Status Report, 61
Sand Reclamation, Steady Progress achieved in, 275
Sands, Resin-bonded, Thermal Reclamation of, 267
Sarginson Bros., Limited, Metrication Experience at, 419
Shotblast Maintenance, Seminar discusses, 526
Sodium-hydride-based Heat-treatment Process removes Sand from Castings, 329
Stanton & Staveley Cupolas, Monolithic Linings Chosen for, 191
Stone Foundries, Limited, a Profile of — Diversity in Light-alloy Production, 7

T

Telford Statue destined for Telford New Town, 455
Thermal Reclamation of Resin-bonded Sands, 267
Training, Education and, in the Foundry Industry — a Guide to Courses for 1985/1986, 421
Travelling Scholarship awarded to Foundry Technician, 54
Turbo-charger, Bromsgrove Casting produces Millionth, 14

U

Ultrasonic Testing of Iron Castings in the Foundry, Advantages in Automating, 357

V

Vacuum Moulding at BHS-Werk Weiherhammer, 478
Veneering, Furnace, cuts Casting Heat-treatment Costs, 35
Vertical Flaskless Moulding, Ford Leamington choose, 307
V-Process, Hopkinsons operate the, 490
V-Process, The — Review and Current Status, 472

W

Weighing Systems, Tipping the Scales toward Efficient, 278
Welding of Metal Castings, 522
Wilkinson, John , Ceremony marks Final Restoration of Monument to, 504
Wire Rope Practice for Cranes and Excavators, Safe, 529

Z

ZADCA Chairman elected, 533
Zinc Aluminium Alloys used in Rant Graphite Moulds, 150
Zinc-diecasting Deburring Problem, Airless Blasting solves, 75

Index to Authors

Allan, P. L., 141
Bailey, I. A., 275
Barton, R., 117
Bewick, T., 61, 523
Burton, J. A., 173
Castledine, T. J., 15
Clegg, A. J., 217, 472
Cockbain, R., 217
Corbett, C. F., 245
Cox, Dr, G. J., 480
Dawson, J. V., 315
Diggles, A. P., 227
Douglas, P. J., 275
Eastwood, G., 411
Emerson, P. J., 242, 357
Evans, C. J., 165
Forrest, R. D., 326
Lavington, M. H., 267
Lemon, P. H. R. B., 505
McCombe, C., 307
Melton, C., 217
Palmer, P. V., 323
Pitt, R., 522
Pollard, J. D., 415
Powell, J., 182
Ratford, S. P., 227
Skinner, O., 217
Smith, P. B., 365
Walker, R., 173
Weber, F., 478
Westwood, G. W., 512
Wright, D. B., 323

Index of Comments

Are You a Winner in the Paper Chase?, 341
Foundry Computer, The, 213
Foundry on View, A, 161
Gift-wrapped Casting, The, 261
Note of Optimism, A, 301
Pattern for Change, 393
Safer by Far, 101
Strange Case of the Missing Ingot, The, 1
Tip for the Foundry, A, 51
Waste Not Want Not, 501
What Process was That?, 453
